Expression of Interest – Sector Endorsement

1.0 Introduction

The North West LHIN is seeking health system leaders to advance population health planning within each of the five sub-regions.

Where appropriate, stakeholders within each sub-region are asked to work together, across sectors, to discuss this opportunity and **submit one planning table submission with representation across all sectors** (via this Sub-region Planning Table Sector Endorsement form) to indicate endorsement and buy-in of the stakeholders. Individuals are also invited to apply individually.

Each individual (those applying as a joint submission or an individual submission) is also required to complete the Sub-region Planning Table Application Form (individual) form to outline their experience with the health system, system planning and community linkages.

Planning tables will include representation across the sector. To ensure the sub-region planning tables are representative, we are encouraging the following people/groups to submit an expression of interest:

- Patients/family/caregivers
- Indigenous representatives
- Francophone representatives
- Primary Care (represented by Sub-region Clinical Lead)
- Specialist Physicians
- Hospital sector
- Public Health Unit
- Municipal Services
- Home and Community Care
- Community Support Services
- Long-Term Care Homes
- Mental Health and Addictions

2.0 Sub-region Planning Table Submission

1. The submission below represents the proposed sub-region planning table membership for the following sub-region:

   ☐ Northern Sub-region
   ☐ District of Kenora Sub-region
   ☐ District of Rainy River Sub-region
   ☐ City of Thunder Bay Sub-region
   ☐ District of Thunder Bay Sub-region

2. Have other local planning tables been consulted in this process to align/leverage current membership where possible?

   ☐ Yes
   ☐ No

   If no; why: _____

   If yes, which tables: _____

3. Proposed Membership

Representation	**Name and Organization**	**Endorsement** (signature signifying support of sub-region submission)
Patients/family/caregivers*		
Indigenous representatives*		
Francophone representatives*		
Primary Care		
Specialist Physicians		
Hospital sector		
Public Health Unit*		
Municipal Services		
Home and Community Care		
Community Support Services		
Long-Term Care Homes		
Mental Health and Addictions		

Representation	Name and Organization	Endorsement (signature signifying support of sub-region submission)

Other		

** NOTE: patients, families, caregivers, Indigenous representatives, public health and Francophone representatives will be engaged through additional engagement processes to identify appropriate ways of representing these important partners at the sub-region planning tables. If you are able to identify representation in these areas, please do so. Work will be ongoing to engage these stakeholders.*
